

Changing Room Policy

At Quay Lane SCC compound the only changing facility is in the shed. Juniors are encouraged to arrive ready changed. If Juniors need to change in the shed a responsible adult will stand outside the closed shed and prevent anyone else from entering.

You must not use mobile phone cameras or any other recording devices in changing facilities at any time.

You should be aware that changing facilities differ according to location and that if, at any point, you or a parent (if you are U18) is uncomfortable with the safeguarding policy or guidance in place, you can speak in confidence with our Safeguarding Lead Officer (contact details on our website) or any club member.
